GEEN EXTRA LOOPBRUGGEN AAN HET BOLWERK VAN DOKKUM

Teken de petitie: Geen extra loopbruggen aan het Bolwerk van Dokkum

Wat vinden de inwoners van Noardeast Fryslan van de wilde plannen van het college en een deel van de gemeenteraad? Ik maak mij grote zorgen over de aantasting van het historische karakter van de Dokkumer bolwerken door het leggen van extra loopbruggen over de stadsgrachten.

Is er echt zoals de wethouder Hanemaaijer aan geeft, behoefte aan deze korte routes? (Of zoals het ELP Noardeast Fryslan raadslid het in de raadsvergadering omschreef, is het enkel voor "luie mensen"). Welk voordeel bieden deze bruggen dan wel?

Volgens wethouder Hanemaaijer zijn deze burggen een onmisbare 'verbinding tussen stad, Harddraverspark en 't Panwurk. Maar zijn ze echt onmisbaar?

Volgens mij niet! Ben jij dat met mij eens, teken dan deze petitie.

De uitkomst van deze petitie wil ik de wethouder aanbieden.
